DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 are allowed. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or make obvious a steering apparatus comprising first and second motors each generating a steering assisting force applied to a manual steering system of a motor vehicle; first and second drive circuits, and a control system connected to the drive circuits and producing a first control signal at a first frequency at which the switching element of the first drive circuit is switched on and off and a second control frequency at which the switching element of the second drive circuit is switched on and off wherein the first control frequency has a value greater than the second control frequency.

The prior art fails to teach or make obvious a steering apparatus comprising first and second motors each generating a steering assisting force applied to a manual steering system of a motor vehicle; first and second drive circuits, and a control system connected to the drive circuits and producing a first pulse signal at a first phase and producing a second pulse at a second phase, wherein the first phase is offset from the second phase.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
